Trainee at Aneo

A trainee position is a two-year temporary internship position, with the possibility of permanent employment after completion of the programme.

As a trainee, you become part of Aneo's trainee programme, which consists of 3 main parts:

- Independent work and the opportunity to rotate between several departments and subject areas.
- Social events.
- Competence development course, professional and personal follow-up.

This year we have 9 trainees in Aneo.

Announcements for 2024/2025 coming soon!
